Mix & match

We've a wide range of festive food to suit any event. Get creative with these tips

1 Double up canapés as starters. Simply garnish vol-au-vents, mini Yorkies, or blinis with a few salad leaves or an extra drizzle of sauce.

2 Likewise, fish dishes and veggie tarts also make great finger food, so spread out seafood platters, pop prawns into lettuce leaves, and cut up pastry dishes into individual squares.

3 Pair ready-prepared veg selections with simple dips: match raw carrot batons with houmous, roasted spuds with garlic mayo, or hot sprouts from the oven with cranberry sauce.

4 Put everything on your cheeseboard to good use. Crumble blue cheeses over salad starters, roll soft cheeses into balls with chopped herbs or nuts, top mini toasts with slices of hard cheese and apple, or bring the board out with port for a delicious dessert.

THAT'S ENTERTAINMENT

Impress without the stress this year with these top tips for keeping your celebrations fun and hassle-free

DO YOUR RESEARCH
Find out if guests are bringing a plus-one, the kids, the dog or their Great Aunt twice-removed, and if there are any special dietary requirements or particular allergies you should plan ahead for.

BUY NIBBLES BY NUMBERS
If you're not serving a main meal, aim for roughly six different bites per person for a quick get-together, or about the same every hour if you're hosting over lunch, dinnertime or the whole evening.

SERVE SMART
Keep early guests happy with nibbles to graze, then cook and serve any hot dishes first, so you're not spending all your time around the oven. Prep cold dishes ahead and chill until you need them, to keep them fresh.

DIY DRINKS
Get everyone to bring a bottle (wine, mixers, softs and spirits) and create your own bar area with glasses and garnishes. Guests will love mixing up their own cocktails, so there's no need to play bartender all night!

DON'T FORGET THE KIDS
Set up a dedicated table for all the little ones with child-friendly snacks, soft drinks and fun activities so they feel part of the celebrations, too.

SHARE DUTIES
Hosting isn't about being a hero. Ask for help from friends and family to put up decorations, top up snacks throughout the night or plan some fun games – you'll be surprised how much they will want to get involved.

CREATE SET SPACES
There's no need to decorate the whole house, so focus on key guest areas. Set the scene at the front door or in the hallway, and make one or two rooms the main party space.

A very vegan Christmas

Make a few subtle tweaks so everyone can enjoy your Christmas feast

Cook with oil
Everyone loves crisp, golden roasties and veg, so cook everything in flavourless oil (sunflower, vegetable or rapeseed), rather than butter, to keep things simple.

Go Mediterranean
Serve bread with olive oil, bring out bowls of sundried tomatoes, olives, and roasted peppers or aubergines for parties. Opt for fresh salad starters.

Sweeten with syrup
Using a drizzle of maple syrup will make veg as deliciously sticky as honey.

Stock up on nuts
Nuts are a great vegan-friendly ingredient to have to hand; they make a tasty festive nibble to enjoy with drinks and add crunch to veg dishes.

Be versatile
Veg-focused vegan main dishes also work well as sides for everyone else; just make sure there's enough to go round.

Check drinks labels
Not all wine, beer and spirits are suitable for vegans, so check labels. Tesco has a great range to choose from.

26 Tesco Finest Four Brie and Cranberry Parcels £10

A turkey for all

Whether you're cooking for a few friends or all the family this Christmas, these options have got all bases covered

Whole birds
Great for feeding a large group (with lots of leftovers), you'll get both tender breast and darker, richer leg meat. Available in medium, large and extra large, these birds will feed 10 to 22 people and take 3 to 5 hours to cook, depending on their weight*.

Crowns
Kept on the bone to ensure succulent meat, a crown is the whole breast, so it's perfect if you prefer lighter meat. Some Tesco crowns also come with prime wings attached. Taking up less oven space, a crown can still feed from seven (medium) to 15 (large) people. Cooks in 2 to 3 hours*.

Breast joints & parcels
Boneless joints are great for simple cooking and carving. Ready to roast in their own foil trays or bags, they are ideal for serving smaller groups of guests. A stuffed breast can feed up to eight people, or choose individual parcels for two that cook in only 35 minutes*.

Stuffed
Tick off meat and stuffing all in one go with these great space-saving options available with whole birds, crowns and joints. Stuffing helps to infuse the meat with flavour and moisture, but you can still serve extra on the side, if you fancy it!

How to cook your bird

Essential turkey know-how to help you prepare for the big day

Before you start
First, preheat the oven to gas 4, 180°C, fan 150°C. For whole birds, remove any giblets from the neck (simmer these in a flavour-packed stock as the basis for your gravy) and bring to room temperature up to an hour before cooking (30 minutes for smaller joints).

Stuffing
If your turkey is not already stuffed, it's safer to cook the stuffing separately. Fill the cavity instead with woody herbs (such as bay, rosemary and thyme) or halved citrus fruits to infuse the meat while it cooks. Roll your stuffing mix into individual balls and cook on a roasting tray or press into an oven dish, then bake until golden.

Weight	Serves	Cook 20 mins per kg, plus the extra time below
Crown 1.5–3kg	8–10	1 hr 35 mins
Crown 3–4kg	10–14	1 hr 45 mins
Whole 4–5kg	10–12	1 hr 20 mins
Whole 5–9kg	12–22	1 hr 45 mins

During cooking
Baste the meat roughly every 40 minutes with any juices in the tray. Refer to the specific instructions on the pack for when to cover your bird with foil in order to get optimum results. That way you will ensure you get succulent, moist meat covered with deliciously browned skin.

Timings
Cooking times for crowns and whole birds are calculated by weight (small joints have a fixed time). Use the table above as a guide, but always follow the pack instructions for an exact cooking time.

How to check
A kitchen thermometer inserted into the thickest parts of the leg, avoiding the bone, should reach 75°C. Or, if you don't have a thermometer, the juices should run clear when pierced in the same place. If not, return it to the oven for another 15 minutes and check again until done.

Let it rest
Once you've taken your bird or joint out of the oven, cover loosely with foil and rest for 30 minutes – or up to an hour for a whole bird – to allow the juices to reabsorb back into the meat. During this time you can finish off your sides.

Carving your turkey

Tackle the whole bird with confidence with these simple carving steps

1 Start by removing the legs. Carefully cut around the joint between the leg and breast and pull the leg away. If too hot to hold, just wrap the end of the leg in kitchen towel.

2 Separate the legs into the drumstick and thigh – find the natural joint and cut through.

3 Leave drumsticks whole or slice the meat off the bone by holding upright and cutting in using a downwards motion. Lay the thigh flat and carve off slices parallel to the bone.

4 The breast meat can be carved into thin slices straight off the whole bird by holding the knife at a slight angle and cutting diagonally down away from you. Alternatively, remove the whole breast by cutting along the breast bone and underneath, then place on the chopping board and slice thickly against the grain.

Love your leftovers

Laying on a generous feast means having some extras – here's how to reinvent them

Cold cuts
Turkey, beef, gammon, chicken and goose will all keep well in the fridge for up to 3 days, ready to be sliced into sandwiches or served with chutneys and pickles. Duck and lamb are great shredded and tossed into grains or winter salads.

Fish
Turn smoked salmon into an indulgent breakfast with poached eggs and muffins or fold plain cooked salmon or prawns through pasta.

Stuffing
Roughly chop, mix with mashed potato, then form into cakes and fry until golden, or stir into pie fillings along with shredded turkey or ham.

Veg
Mix chopped, roasted vegetables with couscous for a buffet salad, mash potatoes and greens into a delicious brunch hash, and shred and toss sprouts into a spicy stir-fry.

Cheese
Grate all your odds and ends from the cheeseboard to make the ultimate cauliflower cheese, or use to make oozing cheese-and-gammon toasties for a quick and easy lunch.

Christmas pudding
Crumble up some cold pudding and layer with whipped cream and custard for a festive trifle, or with ice cream and chocolate sauce for a seasonal sundae.

MAKE THE BIG DAY A BREEZE

Plan ahead for the big day so that hosting Christmas is an enjoyable experience

NOW

PLAN MENUS Decide on menus for Christmas Day, plus any parties and events you're organising. Check if guests have dietary requirements, select the new things you want to try, then jot down your picks on our shopping-list space (p66).

ONE MONTH BEFORE

START STOCKING UP THE FREEZER Ready-made canapés, cooked prawns or smoked salmon, stuffing, pigs in blankets, sauces and gravy all freeze well. Check what can be cooked straight from frozen, too.

THE WEEK BEFORE

GET YOUR KIT READY To avoid a last-minute panic, dig out your carving board and knife (check it's sharp!), choose serving platters and dishes, and stock up on large tin foil for roasting, resting and leftovers.

WHEN THE MAIN ARRIVES

DO A TEST-RUN Whether you've gone for a joint or poultry, check that it fits in your roasting tin, fridge and oven – as you may need to move shelves around. Calculate the cooking time (for turkey, see our guide on p31. For joints of meat, use realfood.tesco.com/cooking-calculator.html to work it out) so you know when to start.

THE DAY BEFORE

GET AHEAD WITH PREP Peel spuds and veg and keep in pans of cold water until ready to cook, defrost any freezer items that aren't cooked from frozen and chill drinks in the fridge or an ice bucket.

THE NIGHT BEFORE

LAY THE TABLE Get the kids involved with making place settings or centrepieces using decorations you already have – try bright baubles and ribbons or natural holly sprigs, clementines and cinnamon sticks.

THE BIG DAY

ENJOY YOURSELF Get your main poultry or meat in on time and the rest will take care of itself! Veg and sides can cook through while the meat rests and sauces can be heated through on the hob. It's your day too, so grab a cracker and start celebrating!
